To the Board of Directors St. Landry Economic Industrial Development District Opelousas, Louisiana

We have reviewed the accompanying financial statements of the governmental activities of the St. Landry Economic Industrial Development District, as of the year ended June 30, 2010, which collectively comprise the District's basic financial statements as listed in the table of contents, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. All information included in these financial statements is the representation of the management of the St. Landry Economic Industrial Development District.

A review consists principally of inquiries of District personnel and analytical procedures applied to financial data. It is substantially less in scope than an audit in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

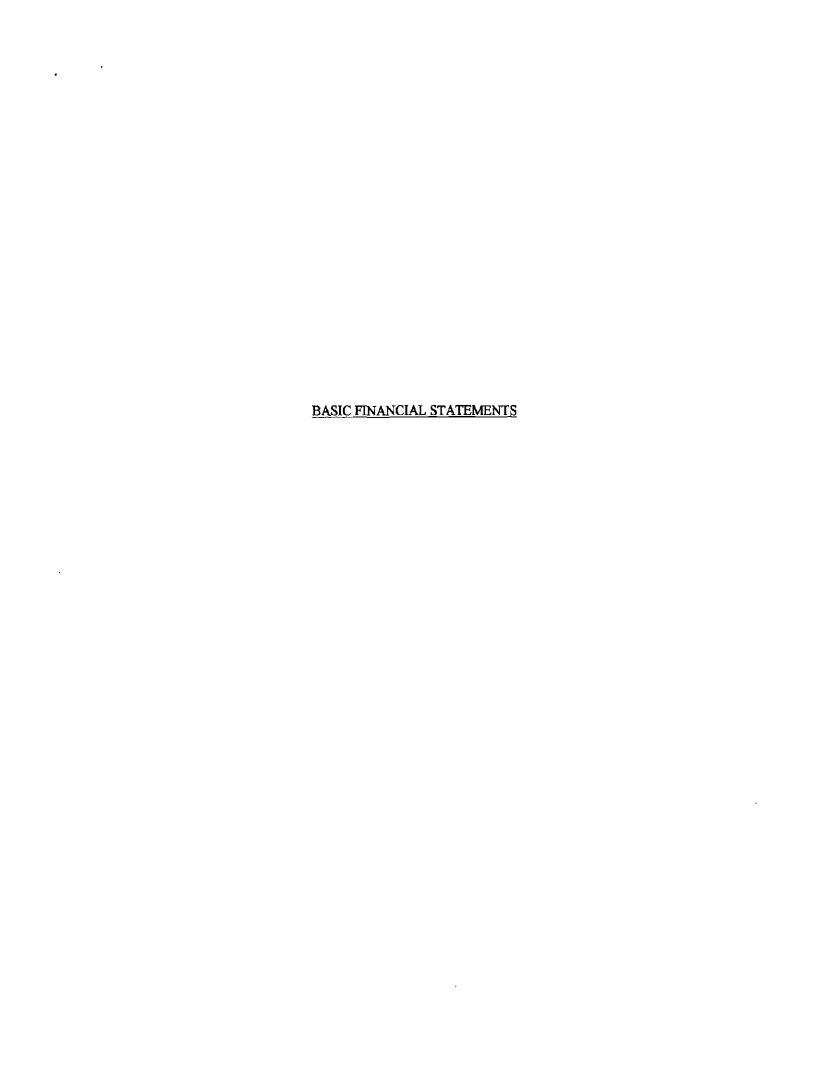

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with generally accepted accounting principles.

The budgetary comparison information on page 23 is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. Such information has not been subjected to the inquiry and analytical procedures applied in the review of he basic financial statements, but was compiled from information that is the representation of management, without audit or review. Accordingly we do not express an opinion or any other form of assurance on the supplementary information.

NOTE (1) - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements of the St. Landry Economic Industrial Development District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements as well as the implementation of the new financial reporting requirements of GASB Statement Nos. 33 and 34. The accounting and reporting framework and the more significant accounting policies are discussed in the subsequent subsection of this note.

The following is a summary of certain significant accounting policies and practices of the District.

A. FINANCIAL REPORTING ENTITY

Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component unites should be considered part of the District for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

- 1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the District to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or Impose specific financial burdens on the District.
- 2. Organizations for which the District does not appoint a voting majority But are fiscally dependent on the District.
- Organizations for which the reporting entity financial statements would be Misleading if data of the organization is not included because of the nature or significance of the relationship.

NOTE (1)- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES- CONTINUED

A. FINANCIAL REPORTING ENTITY- CONTINUED

The entity being reported on is the St. Landry Economic Industrial Development District, which is a component unit of the St. Landry Parish Government. The financial report includes all funds over which the District exercises oversight responsibility. This responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters.

The District was created by the St. Landry Parish Government as authorized by Louisiana Revised Statute 38:1751. The District is governed by a Board of Commissioners, which consists of five commissioners appointed by the St. Landry Parish Government.

The District was established for the purpose of promoting St. Landry Parish to various business interested in locating to Louisiana, as well as to provide relocation assistance for business within the parish. The District also provides assistance in the upkeep of various roads within the parish predominantly used by businesses.

B. BASIS OF PRESENTATION

Government-wide Financial Statements (GWFS). The Statement of Net Assets and the Statement of Activities display information on all of the nonfiduciary activities of the St. Landry Parish Economic Industrial Development District, as a whole. They include all funds of the reporting entity. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business—type activities, which rely to a significant extent on fees and charges for support. Fiduciary funds are not included in the GWFS. Fiduciary funds are reported only in the Statement of Fiduciary Net Assets at the fund financial statement level.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the program, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

NOTE (1) - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

B. BASIS OF PRESENTATION-CONTINUED

<u>Fund Financial Statements</u>- The accounts of the District are organized and operated on the basis of funds and account groups, each of which is considered a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures, or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

The funds of the District are classified into one category-governmental. The emphasis on fund financial statements is on major governmental funds; each displayed in a separate column. A fund is considered major if it is the primary operating fund of the District or meets the following criteria:

- Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental
 or enterprise fund are at least 10 percent of the corresponding total for all funds of that
 category or type; and
- Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The District reports the following major governmental funds:

Governmental Funds

<u>General Fund</u>- the General Fund is the general operating fund of the District. It is used to Account for all financial resources except those required to be accounted for in another fund.

NOTE (1) - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

C. MEASUREMENT FOCUS/BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Assets and the Statement of Activities, governmental activities are presented using the economic resources measurement focus as defined in item "b" below.

In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate:

- a. All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets and liabilities are generally included on their balance sheet. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.
- b. The proprietary fund utilizes an "economic resources" measurement focus. The accounting objective of this measurement focus is the determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net assets.

Basis of Accounting

In the government-wide Statement of Net Assets and Statements of Activities, governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 90 days of the end of the current fiscal period. Expenditures (including capital outlay) generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

NOTE (1) - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

D. CASH AND INVESTMENTS

Louisiana statues authorize the District to invest in United States bonds, treasury notes or certificates, time certificates of deposit in state and national banks, or any other federally insured investment.

Bank deposits must be secured by federal depository insurance or the pledge of securities must at all times equal or exceed 100 percent of the uninsured amount on deposit with the bank.

At year-end, the carrying amount of the District's deposits was \$640,088. The bank balance of cash was \$640,088. Of the bank balances, approximately \$500,000 is covered by federal depository insurance. The balance of \$140,088 is backed by securities-pledged in the name of the District

E. CASH AND CASH EQUIVALENTS

For purposes of the statement of cash flows, the District considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

F. INTERFUND RECEIVABLES

During the course of operations, numerous transactions occur between individual funds that may result in amounts owed between funds. Those related to goods and services type transactions are classified as "due to and from other funds." Short-term interfund loans are reported as "interfund receivables and payables." Interfund receivables and payables between funds within governmental activities are eliminated in the Statement of Net Assets.

G. BUDGETS AND BUDGETARY ACCOUNTING

The District adopts an annual budget for the general and fund. The annual budget for this fund is prepared on the modified accrual basis of accounting. The Board adopts its budget prior to the beginning of the fiscal year. Any revisions that alter total revenues or expenditures must be approved by the Board. Subsequent to year-end, the Board adopts an amended budget approving such additional revenues or expenditures. Any budgetary appropriations lapse at the end of each fiscal year.

NOTE (1)- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES- CONTINUED

H. CAPITAL ASSETS

In the government-wide financial statements, capital assets are capitalized at historical cost, or or estimated historical cost if actual is unavailable, except for donated assets, which are recorded at their estimated fair value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Interest costs incurred on fixed assets, if any, are not capitalized.

I. COMPENSATED ABSENCES/PENSION PLAN

The District's employees participate in a 403B retirement plan. Accrued compensated absences for sick leave or vacation are minimal. Therefore, no accrual has been made in the financial statements.

NOTE (1)- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES- CONTINUED

J. REVENUES, EXPENDITURES, AND EXPENSES

Operating Revenues and Expenses

Operating revenues and expenses for proprietary funds are those that result from providing services and producing and delivering goods and/or services. It also includes all revenues and expenses not related to capital and related financing, noncapital financing or investing activities.

Expenditures/ Expenses

In the government-wide financial statements, expenses are classified by function for both governmental and business-type activities.

In the fund financial statements, expenditures are classified as follows:

Governmental Funds- By Character Proprietary Fund- By Operating and Non operating

In the fund financial statements, governmental funds report expenditures of financial resources. Proprietary funds report expenses relating to use of economic resources.

K. INTERFUND TRANSFERS

Permanent reallocations of resources between funds of the reporting entity are classified as interfund transfers. For the purpose of the Statement of Activities, all interfund transfers between individual governmental funds have been eliminated.

L. EQUITY CLASSIFICATION

In the government-wide statements, equity is classified as net assets and displayed in three components:

Investment in capital assets, net of related debt- Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowing that are attributable to the acquisition, construction, or improvement of those assets.

Restricted net assets- consists of net assets with constraints place the use either by (1) External groups, such as creditors, grantors, contributors, or laws or regulations of other Governmental; or (2) law through constitutional provisions or enabling legislation.

<u>Unrestricted net assets</u>- All other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

In the fund financial statements, governmental fund equity is classified as fund balance. Fund balance is further classified as reserved and unreserved, with unreserved further slit between designated and undesignated. Proprietary fund equity is classified the same as in the government-wide statements.

NOTE (1)- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES- CONTINUED

M. <u>ESTIMATES</u>

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

An estimated allowance for uncollectable property tax has been set up based on prior year experience.

NOTE (2)- DEFICITS IN INDIVIDUAL FUNDS

There was no deficits in any funds at June 30, 2010.

NOTE (3)- CAPITAL ASSETS

Capital assets as of and for the year ended June 30, 2010, for St. Landry Economic Industrial Development are as follows:

	Balance July 1, 2009	Additions	Deletions	Balance June 30, 2010
Governmental Activities Land	\$695,320	s -	\$ -	\$695,320
Governmental Activities Capital assets, net	<u>695,320</u>		<u>-0-</u>	<u>695.320</u>

NOTE (4)- COMPENSATION PAID TO BOARD MEMBERS

All board members serve without pay,

Independent Accountant's Report On Applying Agreed - Upon Procedures OFFICE: 1112 HEATHER DRIVE OPELOUSAS, LOUISIANA 70570 PHONE (337) 942-21\$4 FAX (337) 948-3813

To St. Landry Parish Economic Industrial Development Opelousas, Louisiana

We have performed the procedures included in the <u>Louisiana Government Audit Guide</u> and enumerated below, which were agreed to by the management of St. Landry Economic Industrial Development and the legislative auditor, State of Louisiana, solely to assist the users in evaluating management's assertions about the District's compliance with certain laws and regulations during the year ended June 30, 2010 included in the accompanying <u>Louisiana Attestation Questionnaire</u>. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants and applicable standards of <u>Government Auditing Standards</u>. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Public Bids Law

 Select all expenditures made during the year for material and supplies exceeding \$20,000, or public works exceeding \$100,000, and determine whether such purchases were made in accordance with LSA-RS 38:2211-2251 (the public bid law)

The District had no purchases during the year that exceeded the \$20,000 threshhold.

Code of Ethics for Public Officials and Public Employees

2. Obtain from management a list of the immediate family members of each board member as defined by LSA-RS 42:1101-1124 (the code of ethics), and a list of outside business interests of all board members and employees, as well as their immediate families.

Management provided us with the required list including the noted information.

3. Obtain from management a listing of all employees paid during the period under examination.

Management provided us with the required list.

4. Determine whether any of those employees included in the listing obtained from management in agreed-upon procedure (3) were also available on the listing obtained from management in agreed-upon procedure (2) as immediate family members.

None of the employees included on the list of employees provided by management (agreed-upon procedure (3)) appeared on the list provided by management in agreed-upon procedure (2).

Budgeting

5. Obtained a copy of the legally adopted budget and all amendments.

Management provided us with a copy of the original budget and amendments.

6. Trace the budget adoption and amendments to the minute book.

We traced the adoption of the original budget to the minutes of a meeting held on June 30, 2009 which indicated that the budget had been adopted by the commissioners of the District by a unanimous vote.

7. Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues failed to meet budgeted revenues by 5% or more or if actual expenditures exceed budgeted amounts by 5% or more.

We compared the revenues and expenditures of the final budget to actual revenues and expenditures. Actual revenues and expenditures for the year did not exceed budgeted amounts by more than 5%.

Accounting and Reporting

- 8. Randomly select 6 disbursements made during the period under examination and :
 - (a) trace payments to supporting documentation as to proper amount and payee;

We examined supporting documentation for each of the six selected disbursements and found that payment was for the proper amount and made to the correct payee.

- (b) determine if payments were properly coded to the correct fund and general ledger account; and All six payments were properly coded to the correct fund and general ledger account.
 - (c) determine whether payments received approval from proper authorities.

Inspection of documentation supporting each of the six selected disbursements indicated proper approval by the chairman and vice-chairman of the Board of Commissioners. In addition, each of the disbursements were traced to the district's minute book where they were approved by the full board.

Meetings

9. Examine evidence indicating that agendas for meetings recorded in the minute book were posted or advertised or advertised as required by LSA-RS 42:1 through 42:12 (the open meetings law).

We examined evidence that the District properly posted a notice of each meeting and the accompanying agenda on the door of the district's office building.

Debt

10. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of bank loans, bonds, or like indebtedness.

We inspected copies of all bank deposit slips for the period under examination and noted no deposits which appeared to be proceeds of bank loans, bonds, or like indebtedness.

Advances and Bonuses

11. Examine payroll records and minutes for the year to determine whether any payments have been made to employees which may constitute bonuses, advances, or gifts.

We inspected payroll records for the year and noted no instances which would indicate payments to employees constituting bonuses, advances, or gifts. In addition, we read the minutes of the district for the year indicated and found no approval for any such payments noted.

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we don not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of the Board of Commissioners of the St. Landry Economic Industrial Development, and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Under Louisiana Revised Statue 24:513, this report is distributed by the Legislative Auditor as a public document.
